

## **ELECTRONIC PRESCRIPTION SERVICE (EPS)**

The Village Surgery will be introducing the Electronic Prescription Service on Wednesday the 15<sup>th</sup> July. This should make collecting repeat prescriptions easier and more convenient for you as this service gives you the option to 'nominate' the pharmacy you choose to get your regular medication or appliances from. Your GP will then send your prescription electronically to them directly and your medication will be ready for you to collect in about two working days. This will therefore save you a trip to the surgery just to collect a prescription form. Further details are available from reception.

If you wish to use this service, please complete the form below and hand it in at reception or send it back to us indicating which pharmacy you wish to nominate.
